

ASSISTANT PLANNER (PT)
Position# TMPPT2737

The Rivers and Lakes Management and Protection Programs of the New Hampshire Department of Environmental Services is seeking a part-time Assistant Planner to provide assistance to communities and local groups with the development and implementation of river corridor, lake, and watershed management plans and watershed protection efforts. Excellent verbal and written communication skills are essential as well as a proven ability to meet deadlines. Experience working on environmental or planning issues with the public, private and municipal organizations, and state and federal agencies is preferred. Technical proficiency interpreting development proposals and applications, and expertise in lake and river science is desired, as well as experience with Geographic Information Systems (GIS). This is a part-time position and may be scheduled for up to 32 hours per week.

Minimum qualifications for this position is a master's degree with a major study in planning, economics, geography, government, law, business/public administration, resources management, natural resources planning, environmental science, environmental law, community development, architecture or a related field and two years' experience in professional planning or a related field; or bachelor's degree with major study in planning, economics, geography, government, law, business/public administration, resources management, natural resources planning, environmental science, environmental law, community development, architecture or a related field and three years' experience in professional planning or related field.

The salary range for this position is \$20.15 – 23.74 per hour. *The successful hired candidate must satisfactorily pass a criminal background and driver's record checks.* For further information about the duties of this position contact Tracie Sales at (603) 271-2959 or email at tracie.sales@des.nh.gov.
